

Project Design Phase-II

Data Flow Diagram & User Stories

Date	114-07-2026
Project Name	Customer Registry

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

DFD Level 0 Reference

DFD Level 0 – Customer Complaint Management System
